

NATIONAL UNIVERSITY OF CABINDA PROJECT - THE VISION

“The National University of Cabinda Project is a multi-million dollar investment strategic and capital works project delivering a high level of academic excellence and civic engagement for the nation’s of Cabinda educational aspirations, and for the future benefit of the next generations”.
N’Zita Henriques Tiago, President of Cabinda

The project provides the opportunity to establish a major University centre in the region and will enable the nation of Cabinda to respond to a growth in demand for higher education both in Cabinda and the central Africa region having there for a major leading impact of both influence, social and political in central Africa.

Objectives

The objectives are to:

- Enhance educational and social facilities for students and staff
- Ensure the success of the university and its ability to deliver quality higher education
- Generate economic, environmental and cultural benefits to the university community, the nation of Cabinda and the region

Components

The key components of the project are:

- Construction of quality teaching, office and library space across the university's estate
- The co-location of all necessary academic departments
- A programme of communication and consultation.

To construct the University will enable us to:

- Deliver quality education programmes for which there is a commercial need
- Widen access to higher education to all Cabindans and meet the increasing national and regional demand for higher education
- Align the University more closely to the needs of the Cabinda Nation
- Enrich and diversify the economy and cultural life in Cabinda and the region.

- Estimated time of completions from start of construction: 10 Months

- Total estimate cost on time and on budget: US\$60.000.000
